Température ambiante

0 4 8 12 16 20 24

A digital thermostat control panel with a white plastic housing. At the top, there are four icons: a fan, a sun, a moon, and a power button. Below these is a rectangular LCD display. The display shows the time '13:43' in the top right, a large temperature reading '21.2°C' in the center, and the text 'Température ambiante' at the bottom. Below the text is a horizontal bar graph with a scale from 0 to 24 in increments of 4. The bar is filled with a dark color, extending to approximately 18 on the scale. Below the display is a large circular rotary knob with a textured outer ring. To the left of the knob is a button labeled 'ESC' and to the right is a button labeled 'OK'. Above the knob are two small arrows pointing left and right, with a minus sign on the left and a plus sign on the right. To the right of the 'OK' button is a small circular button with a sun/moon icon. Below this is another small circular button. At the bottom center, there is a small icon of a person and a large oval-shaped speaker grille.

Température de chaudière

0 4 8 12 16 20 24

The LCD display shows the current boiler temperature as 33.3°C. Above this, the time is 13:44. The text "Température de chaudière" is displayed below the temperature. A horizontal progress bar is visible at the bottom of the display area. The word "INFO" is positioned above the temperature. The display is framed by a white border with a scale at the bottom ranging from 0 to 24.
